In Belas, just 15 minutes from Lisbon, is where you find Casa dos Lobos. Surrounded by a green landscape and an atmosphere of tranquility, you get the feeling of being away from the city. It is an excellent option for your event, as it is a versatile space that can be used in different ways given the various existing areas. At the entrance of Casa dos Lobos, you will walk along the existing path, surrounded by nature, which will take you to the large gardens attached to the Main House. In addition to all the gardens, in a more secluded area, we can find a transparent structure of 500m<sup>2</sup>, with a capacity for up to 350 people seated, and a viewpoint with an open view over nature, where you can watch the sunset.
